

Hi Brother Phillip!

Hope you are doing well.

I would like to share my heart for my nation! Pakistan is a country where we all are facing many challenges. But one of the biggest challenge is to train people for the ministry work. As you know Pakistan is a country, where we only have three to four good Bible colleges and even it is a big challenge for the local people to go to the Bible colleges. Last year we visited Sindh the most neglected province of Pakistan and met the local pastors, leaders and introduced them our vision for the Church Planting Training Program.

We met 26 pastors and only one of them been in a bible college just for the short-term training.

We also conducted some important interviews for the need assessment and to know them better. As, they heard us they were so excited about the Training program.

So! We are planning to start a Training program to equip these local leaders and pastors from different ethnic groups” How to plant simple churches among the unreached people groups”

We want to do this Training in 2019 with three Phases.

- 1-! May- 2019
- 2-! September 2019
- 3-! November 2019

In these three phases, we will be able to finish our basic training on church planting which is the urgent need of them.

We will cover this year.

- 1- Biblical understanding of the Church
- 2- Why Church Planting?
- 3- How to Plant Simple Churches.
- 4- Challenges in the church Planting.
- 5- Effective Methods in Church Planting
- 6- Understanding of Islam to avoid extremism while plant churches.
- 7- Bible study Methods with simple approach

According to our survey!

Urgent need of these Pastors and leaders is

- 1- Basic training on church Planting
- 2- Continued follow up
- 3- Refresher Courses

- Our Challenge and Prayer Concern

We need funds to prepare training materials  
Food and accommodation for the participants  
Traveling and other etc.

I humbly request you please be our partner and  
reference to raise some  
Funds for this training program.

We believe that after this training many leaders and pastors will be trained to plant new  
churches among the unreached places where there is no church.

God bless you!
