Dear Brother Philip Thank you so much for your encouraging response.

We also have trained 38 Church planters from different ethnic background now they are planting churches among their own tribes, this is very amazing to see their work.

I a.m sending the photos of them also. We are also planing to established a animal farm, where we want to grow sheep and goats, our purpose is just to earn money to support our Church planters. Because they belong to the poorest places and working in Crisis. If we buy 30 sheep and goats it Will costs US \$ 3000. But it within one year if we sell them it Will give US almost US \$ 10,000. We want to start it this year But depending on funds.

Second importante thing. We want to build a worship hall on the Afghanistan and Iran boarder. We have a small House Church there, we a very good team and small congregation. They have a place But need some specific badget to build that worship hall to use for the Mission trainings and regular worship. I a.m also sending you small video so you can have a viewo of the location.

We need your Help and support to raise funds.

Yes have the same account of BPI it is very easy to recive funds through ATM in Pakistan.

Here is My Account details!

Morris Bashir

AC: 1959260326

Bank Of Philippines (BPI)

Congressional Avenue Quezon City Metro Manila

Please you can share it to the website no problem. It Will be good to conect with people who can pray and support this work.

God bless you!
