

February 2020

Dear Friends

INDIA: As the academic year at Providence Evangelical Bible Seminary winds to a close on February 28th we have so many reasons to give thank to our great God. Usually we have some small attrition within the student body, but somehow we began this year with our largest batch of students, 30 with only a 24 bed dormitory, and yet as the end draws near, all are still present and accounted for.

This month I'm teaching Ecclesiology (doctrine of the church) and Pneumatology (doctrine of the Holy Spirit). Classes are proceeding well with some quality questions and discussion. It is a joy to see the hunger that the students have for God's Word. At the end of the month, once again, Rick Anderson will be joining me in India. He will be teaching on Sanctification and then a year end closing Bible Conference through the book of Habakkuk.

Please keep us, the students and staff in your prayers. Pray that we may reach the February finish line strong and healthy. Further with this being quite an extended time away (over a month) from the church in Texas, please pray for Doug (my fellow elder) and others as they step in to serve our Lord and His people.

MAURITIUS: God has blessed the church with a small family retreat recently. We need to continue to pray for Jean-Marie since so much of the teaching/preaching load at IBF (local church) falls on him. Prem, who has the ability to help, had anticipated serving more after his retirement. He and his wife had spent some time in India taking some classes in January, yet upon returning to Mauritius he has been brought out of retirement to serve for another year as the Director of Meteorology. Pray for Him that he would not loose heart and that God will grant him to give time to both the Meteo. Dept. and the church.
